SOCIETY**

Teachers Networking Event: “Classroom Extensions”

Saturday, March 12, 12:30 – 1:30 PM, Sheraton Chicago Hotel & Towers

The American Montessori Society Wants Your Expertise

Hello Principals, Heads of Schools, Directors, and Teachers in Chicagoland!

AMS is hosting a Teachers Networking Event during their upcoming Annual Conference and is looking for energetic and enthusiastic Montessori teachers who would like to participate by demonstrating classroom extensions in an informal setting.

As Chicago is the host city for this event, the goal is to highlight area Montessori schools and to recognize their hard-working teachers. The event is seeking extensions from all age groups and curricular areas.

The event will take place March 12, 12:30 – 1:30, at the Sheraton Chicago Hotel & Towers, and will be open to all individuals registered for the conference on that day. Teachers who participate as presenters must be registered as well (either just for the day or for the entire conference, March 10 – 13).

Participants in the Teachers Networking Event will receive a 20% discount on their conference registration!

- The extension you showcase may be for any classroom level and from any academic area
- Attendees will be encouraged to stop by your table to gain ideas for inspiring and challenging their students to attain new levels of proficiency
- As a teacher-presenter, you may e-mail handouts and lesson plans for your presentation for posting on the AMS website—an excellent opportunity to share information beyond the conference

Are you interested?

If so, contact Debbie Kelley at dkelley4623@gmail.com or Judy Beyer beyerjsp@gmail.com.

Please include your name, e-mail address, school where you are employed, title of your presentation, and a brief description of your extension, along with age level. Space is limited, so don't delay—contact us today.

AMS looks forward to seeing you in Chicago!
